Jeff Fleetham, Director

TRIBAL CONSULTATION ANNUAL REPORT July 1, 2014 – June 30, 2015

Agency Overview

Tribal Consultation Activities

<p>The agency's mission is to promote quality construction by Arizona contractors through a licensing and regulatory system designed to protect the health, safety and welfare of the public.</p>	<p>The Registrar of Contractors (ROC) maintains jurisdiction over contractor's licenses issued by the ROC. However, if a complaint is received arising from work done on Tribal lands; the ROC will not enter Tribal lands unless permission is granted by the appropriate Tribal authority. ROC notifies Tribal authorities when a complaint is received from licensed contractor activity arising on tribal lands.</p>	<p>One complaint was received resulting from construction on Hualapai Tribal lands about non-payment. This complaint is still open.</p>
		<p>Four complaints were received resulting from construction work on the Salt River Pima-Maricopa Indian community. Two were complaints about non-payment, one about labor questions, and one about abandonment. One complaint is still open and three are closed. Of the three closed, two were dismissed, and one was resolved.</p>
		<p>One complaint was received resulting from construction work on the Yavapai-Apache Nation complaining abandonment. The case is now closed, and the licensee received a disciplinary suspension.</p>

There currently no recommendations from Tribal representatives.

There are no revisions to the Registrar of Contractors Tribal Consultation Policy at this time.
